If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

B. If the status above is to be removed, check box 5b on Part B - Fee(s) Transmittal and pay the PUBLICATION FEE (if required) and twice the amount of the ISSUE FEE shown above, or

## DETAILED ACTION

### Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claim 24 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claim 1 has been amended to include the limitations of claim 24. Claim 1 now reads:

- A pyrogenically produced silica powder comprising particles each having a homogeneous composition, wherein the pyrogenically produced silica powder has a BET surface area of 30 to 90 m<sup>2</sup>/g, a DBP number of at least 80, expressed as g of dibutyl phthalate/100 g of silica and a tamped density of no more than 110 g/l, wherein the particles consist of silica.

Claim 24 has been canceled. Claims 12-16 and 18-23 remain canceled.

Authorization for this examiner's amendment was given in a telephone interview with Stefan Koschmieder on January 8, 2009.

Claims 1-5 and 25 are now directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 6-11 and 17, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 10/03/2007 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

### ***Response to Arguments***

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Applicant's arguments, filed 12/29/2008, with respect to claims 24 and 25 have been fully considered and are persuasive. Applicants argue that a material such as silica that is "doped with aluminum oxide" does not **consist of** silica. The transitional phrase "consists of" signals a closed claim which excludes components not recited in the claimed invention.

#### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

Applicant has amended the claims 4, 6, 8, and 10 to overcome the prior art rejections based on Smalley et al. (US 2002/0098135 A1) and Iyer et al. (US 7,261,871 B2) in the Office Action dated 12/12/2007.

The closest prior art on record – Mangold et al. (JP 2000-169132) teaches a silicon dioxide powder, doped with aluminum oxide. Claim 24 contains the transitional phrase "consisting of" which is defined as closing the claim to the inclusion of materials other than those recited except for impurities ordinarily associated therewith. Because the Mangold reference actively dopes the silicon dioxide composition with alumina, claim 24, now amended into independent claim 1 is novel.

#### ***Conclusion***

Claims 1-11, 17, and 25 are allowed.

Claims 1-3, 5, 7, 9, and 11 have been cancelled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JENNIFER A. SMITH whose telephone number is (571)270-3599. The examiner can normally be reached on Monday - Friday, 8:30am to 5:00pm EST.
